*Care You Can Count On*

Lane Workforce Wellness is an occupational health and wellness program designed to work hand-in-hand with local employers.

It assists with controlling costs associated with rising workers' compensation and general healthcare costs.

## Return to Work Services

- Prompt management and communication of injury and injured worker to provide all parties with the information needed to accelerate the return-to-work process.
- Assistance to eliminate workers' compensation fraud and abuse.

## Benefits

- Lower workers' compensation premiums and injury costs.
- Decreased lost work time and wages.

## For Area Businesses

FASTLane provides a broad spectrum of occupational medicine services.

Our goal is to help area employers with screening and testing services for pre-employment as well as a continuum of care for employees injured on the job.

From caring for your employee following an injury to return to work documentation and clearance, our experienced team works with your business to ensure optimal outcomes.
